Outpatient Facilities

Consultants &  
Industry Partners

**Connect with peers who face the same challenges  
and walk away with solutions that work.**

**40+ YEARS OF INNOVATION.  
ONE COMMUNITY DRIVING WHAT'S NEXT.**

# LETTER TO YOUR MANAGER

## A SAMPLE LETTER YOU CAN CUSTOMIZE

Dear \_\_\_\_\_

I am reaching out for your approval to attend the upcoming AIMS User Conference, taking place November 8-11, 2026 at the Gaylord Texan Resort in Grapevine, TX.

This event is designed specifically for professionals using AIMS and brings together industry peers, product experts, and healthcare organizations to share best practices, explore new capabilities, and address real-world challenges in asset management, compliance, and reporting.

By attending, I will gain hands-on training, learn proven strategies from other organizations, and connect directly with AIMS experts to better leverage our system. The conference also provides a unique opportunity to collaborate with peers facing similar challenges and bring back practical solutions that can be implemented immediately.

### **Key benefits to our organization include:**

- ✓ Improved efficiency in maintenance and asset management processes
- ✓ Enhanced data accuracy and reporting for better decision-making
- ✓ Exposure to new features and system capabilities
- ✓ Opportunities to benchmark against similar organizations

Additionally, **the conference provides CEUs that contribute toward AAMI certification**, with past attendees earning 18-26 CEU credits, supporting ongoing professional development.

With the hands-on nature of the sessions and the direct access to both experts and peer organizations, I'm confident the insights gained will provide immediate value and long-term benefits to our team.

Thank you for your consideration.

Sincerely,

\_\_\_\_\_
